

IWA YWP Offsite Social Event

Join Blue Drinks Toronto at the Yonge Street Warehouse on Wednesday June 26th after the IWA International Water Professionals Conference for an evening devoted to snacks, socializing, and hot water topics in Canada.

Water for People-Canada

Kerry Freek, Water for People-Canada

Our mission is a world where everyone has lasting access to safe drinking water and sanitation. Kerry will share some background on Water For People's Everyone Forever model and its work with communities in Peru.

Ryerson Urban Water

Nick Reid, Ryerson University

Ryerson Urban Water is an interdisciplinary collective of more than 40 researchers who contribute to sustainable water cycles in the built and natural environment. Nick will highlight initiatives from our 2018 annual report.

Water Research in Canada's Arctic

Stephanie Gora, Dalhousie University

Dr. Gora will discuss her experience as the project manager for a collaborative community-driven research project in Pond Inlet, NU, aimed at characterizing water quality and identifying areas of risk from source to tap in the community's decentralized drinking system.

Entry is free for IWA YWP conference delegates and the public but subject to capacity.

Time: 7:00 pm – 10:00 pm

Location: Yonge Street Warehouse (2nd Floor), 336 Yonge Street

Presented in association with International Water Association YWP North American Chapter, Water for People-Canada, and Ryerson Urban Water
